

MODEL 2331-T

BED SHAPER w/ TILLAGE

'T' model features S-tine tillage attachments

- Finish primary beds***
- Cultivate existing beds***
- Re-work stale beds***

Model 2331-T is one component to a primary bedding or permanent bedding system. Tillage tines loosen the top of existing beds for final shaping or re-shaping. The 4-bar toolbar frame offers additional space for tillage tines and drip tape applicators, which can handle light residue.

- 4 to 8-inch bed height
- Adjustable 24 to 54-inch bed top width
- Adjustable 16 to 30-inch furrow width
- Adjustable 54 to 72-inch furrow spacing
- 45 PTO-HP rating
- For 30 to 45 HP tractors
- Category-1 hitch

Like "D" Models, also equip with shaping disks to form new beds

Heavy-duty 4531-T also available
